Introducing

My Story

How I Met Sir ?

In the middle of the second-semester exam, kale Sir called me to tomorrow meet the principal ma'am in the office and meet one sir for some work. Then I met Sir for the first time in UMIT's office. and A chance to become his mentee.

How We Started working together

Earlier we had online meetings for a month because of me as I had gone to Bangalore. Then started offline work on 2nd August 2022. We did some project-related work and fellow sir used to understand us about new things.

How We bound

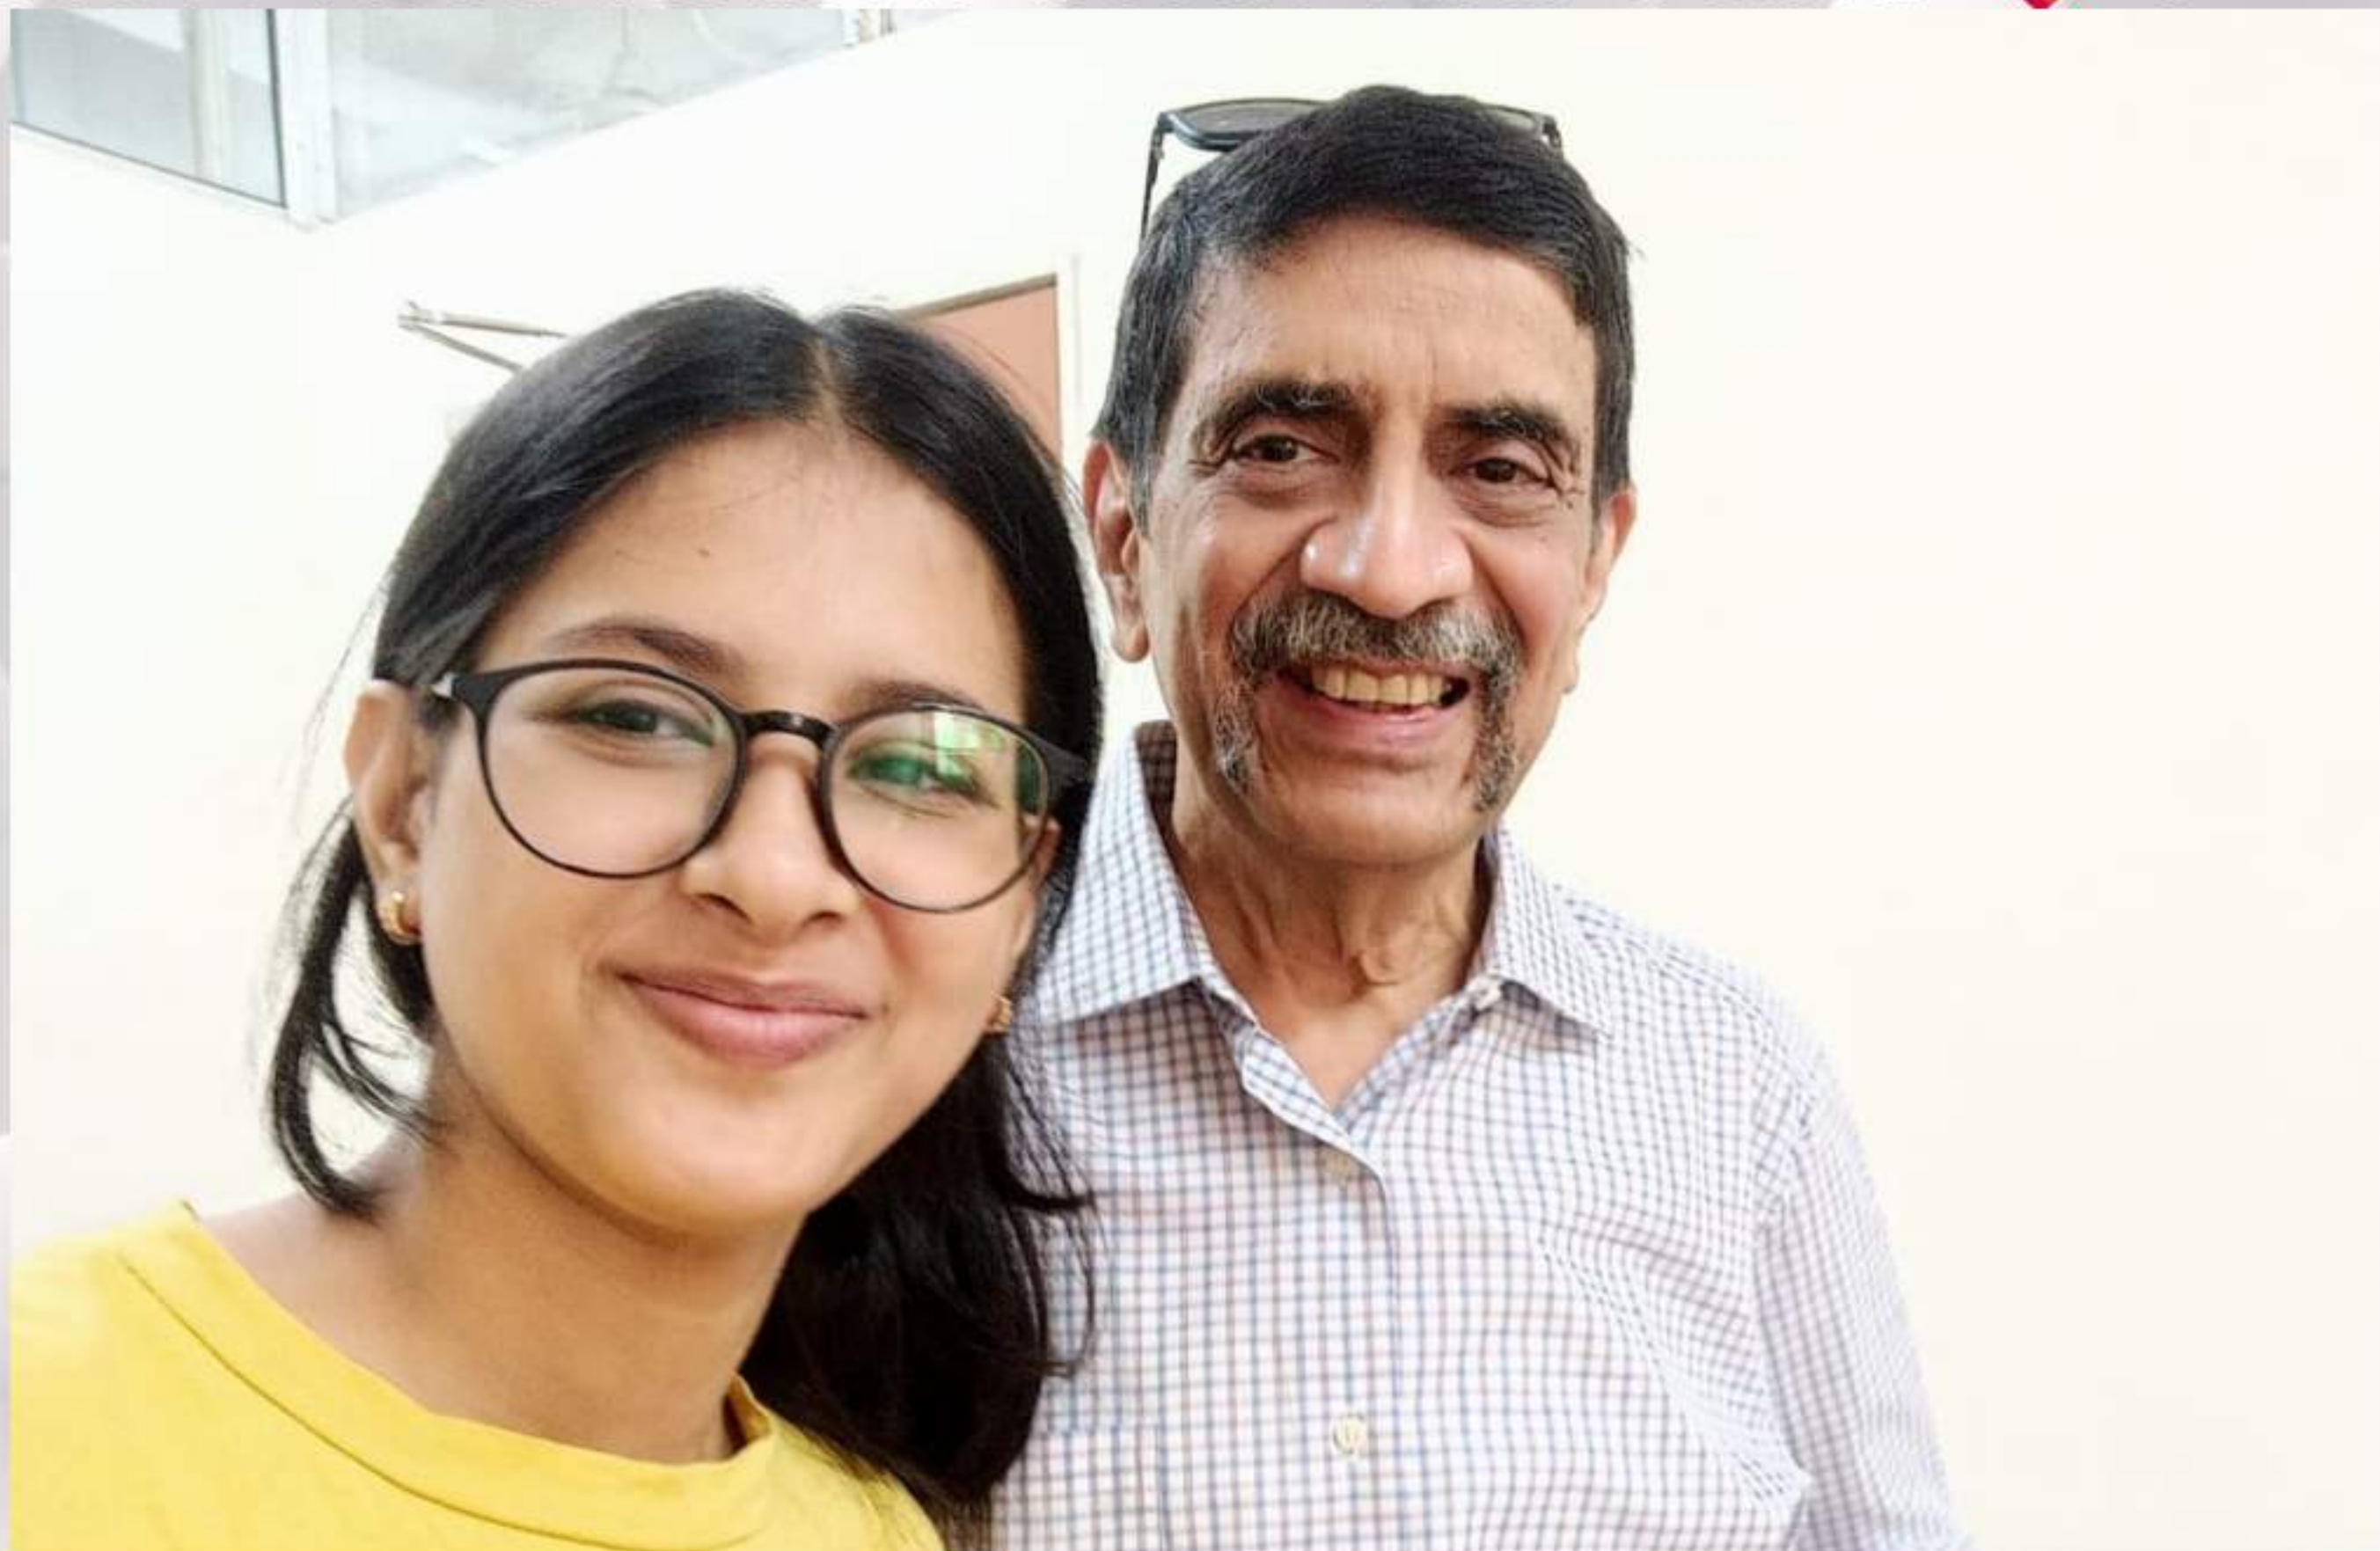

With time, we all started understanding each other. Sir Highlighted our weaknesses and strengths. now, sir can understand what's going on in our minds by just looking at our faces.

Mind Diary

The Session closed to My heart

Whenever there was a problem, Sir always used to give us a solution. But just listening to someone's problem and not judging it is something different. When sir just heard my story and understood it was something different. Vo session mai kabhi bhul nhi sakti ❤️ .

What we do During our session

Whether there is something good or bad in the world, it is important for us to know everything, we do not know some information. Sometimes we knew about some things, sometimes we did not know. we take it all to him And he tells us clearly about everything. One day in the week we think of something new. New point of view is found. Is it morally right or wrong?

Outdoor Activities

Outdoor activities are my favorite in the mentoring program, sometimes we come to know about a new place, sometimes we just enjoy going outside and Sometimes we give happiness to others. This makes us mentally and emotionally strong.

How Mentoring Help me

In our age, we say many things to do, and we also dream of all of them. But only a few people know about where to start, what to do first, and what is essential and what is not. I came to know about these in the program. I learned about myself, people like me, and people who are different from me.

Our mentorship program by Sir Vishram Bapat ×
helds twice a week .We are open to suggest any of ×
topic to sir. I eagerly waits every week to meet sir
and Sir has so deep knowledge and also experience.

Our bond with Sir is friendly . Sir has made an
environment between us such that we can share
and receive friendly communication. I am pleased
that I came in contact with Sir in my life. I have
started being aware of things going of in my real
life and adapting change in daily bases of life. I was
very happy to celebrate my republic day 2023 with
underprivileged cancer patients under guidance of
Sir. Meeting Sir has brought my dreams into
actions.

HELLO, I'M DIMPLE SAWANT BTECH (2ND YR)
STUDENT AT UMIT, SNTD WOMEN'S UNIVERSITY.

HOW I GOT ON THE MENTORSHIP PROGRAM-

A PROFESSOR AT MY COLLEGE INTRODUCED ME TO THE MENTORSHIP PROGRAM, AT THAT POINT I FELT, A MENTOR MEANT A GUIDE WHO WOULD HELP ME REACH MY GOALS AND GIVE BACK TO THE COUNTRY. I APPROACHED DR. VISHRAM BAPAT SIR, SIR WELCOMED ME WITH OPEN ARMS AND SINCE THEN IT HAS BEEN A WONDERFUL JOURNEY....

I AND ALL THE MENTEES MEET SIR OFFLINE ON TUESDAY IN OUR COLLEGE AND ONLINE MEET ON THE WEEKENDS, WE ARE INTRODUCED TO VARIOUS TOPICS, TECH AND NON-TECH BY SIR. ALL ASPECTS REGARDING TO THE TOPIC ARE EXPLAINED, I'VE ALWAYS BEEN ASTONISHED, HOW IMPACTFUL THESE TOPICS ARE! IF NOT FOR SIR, I WOULDN'T HAVE EXPLORED THEM LIKE I

ONE SUCH TOPIC WAS RTI, SIR ENCOURAGED US TO FILE AN RTI I FILED AN RTI THAT GAVE ME THE SENSE OF WHAT EMPOWERMENT ACTUALLY IS... I'VE LEARNT NUMEROUS THINGS - BEING A RESPONSIBLE CITIZEN, EXCELLING IN STUDIES, APPLYING KNOWLEDGE, BEING FUTURISTIC, ADAPTING TO THE CHANGE AND MOST IMPORTANT OF ALL SELFLESSNESS OF WHICH SIR IS AN EPIHOME. MENTORING HAS MADE OPEN VARIOUS DOORS OF INFINITE KNOWLEDGE FOR ME.

MY PERSONALITY HAS CHANGED AND I'VE EMBIBED ALL THE LEARNINGS FROM THE SESSIONS, IN SUCH A SHORT COURSE OF TIME THE IMPACT OF MENTORING ON ME HAS BEEN TREMENDOUS, I LOOK UP TO SIR, AND WISH TO LEARN AND GROW MORE UNDER HIS GUIDANCE. SIR INSPIRES ME TO NOT JUST BE A SPECTATOR BUT A CREATOR

#LEARNERFORLIFE. #SKYISTHELIMIT

I want to express my gratitude for the mentoring experience I had. And the guidance and support were so valuable to me.

One of the thing I liked the most is the encouragement and positivity that I receive from sir, which helps to keep me motivated in my low times and feel better.

Always got to know new things whenever we had session and a topic was to be discussed.

Getting aware of the things which we had either known little bit or not known in the real life but Sir's knowledge and experiences how sir dealt with it in a nature of story telling makes me more understandable about the topic such as RTI being the topic of our session made us first know about it by sir and then how he used it in his way of dealing with the problem he faced and got solved using it and also guided us to implement to file an RTI so that we can learn practically.

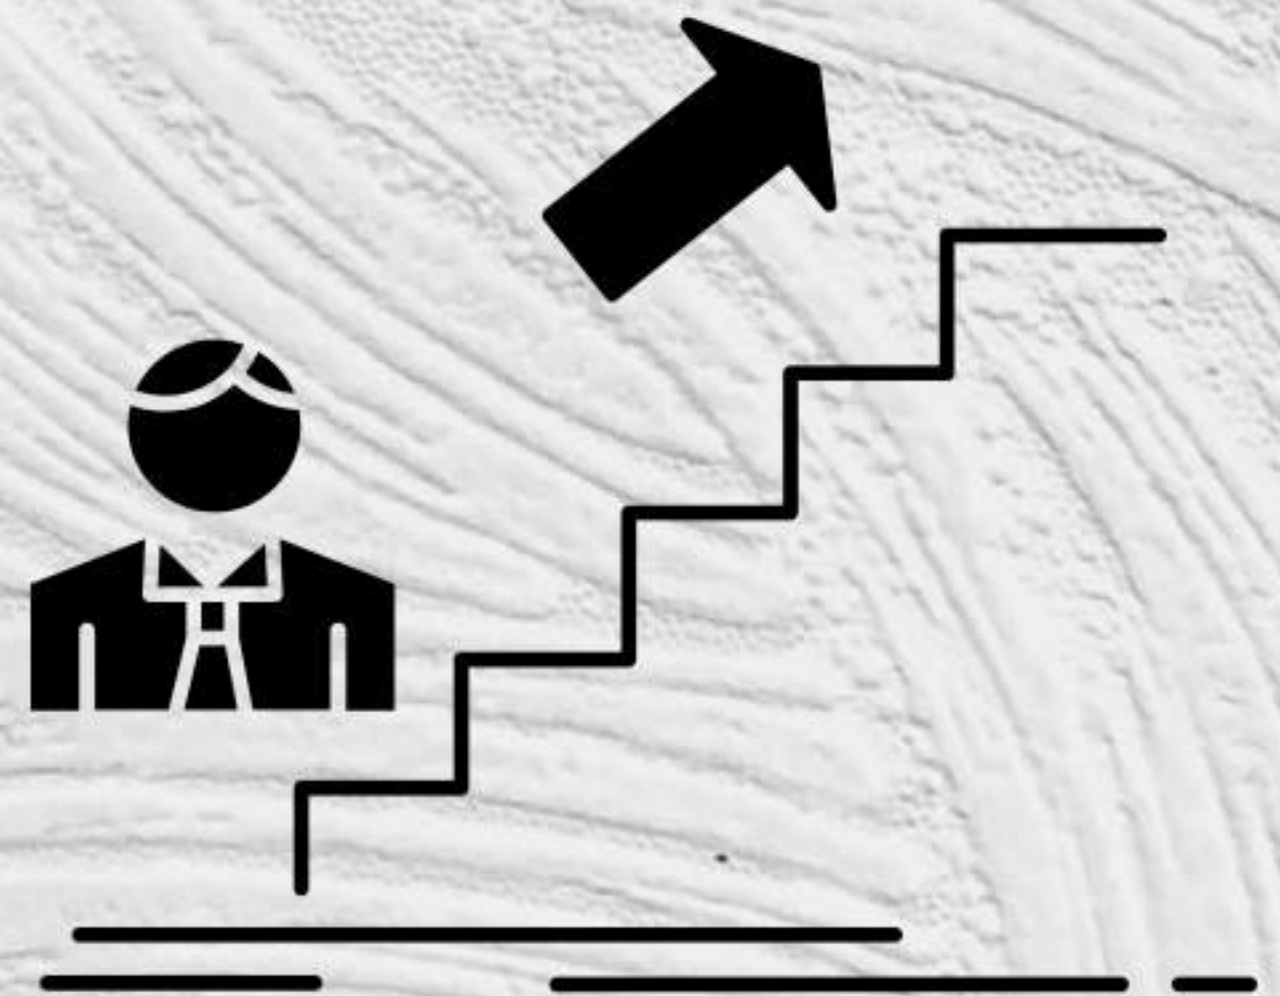

Also the teaching of kindness and importance of helping others.

Such impacts makes me grateful for the opportunity to learn from you.

-Avanti Sawant

Having a good mentor is so important. They can guide you in all aspects of life personally, mentally, emotionally, romantically and most commonly. I am extremely thankful to you for all your mentoring sessions and guidance. I value your mentorship very much. Learning from you has greatly enhanced my capabilities. Thanks for spending time with me. I always feel blessed to have loveable, caring and adorable mentor with me in my journey.

I still remember the day when I saw you in our college program. The way you treated your student with a huge smile on your face followed by one high five is the one thing that blowed my mind and I got curious to know about you more. I got a chance to connect with Vishram Bapat sir and the mentorship is becoming more stronger after forming a bond between Vishram sir and me. Sir take time out of his day for we students, listen to us, provide us with this guidance, and see us through whatever obstacle we're overcoming or goal we're trying to achieve. He will share just the right words to help us make the right decision when we're at a crossroads.

Sir always want us to interact and share our views on any specific topic with him as this is the only way to overcome with the fear of speaking in public.

Sir always keeps us updated to news and taughts how to keep overall knowledge.

He recently took us to ISKON TEMPLE and the best part was the Bhakti Vedant Institute situated inside the temple. We got so excited to visit ISKON temple. He tries to connect us with science and technology. Also he discuss the currently topics like country wars, the fundamentals of RTI, the pillars of government and why to invest money.

Also he taught how to file RTI and make us aware of our rights. Very down to earth personality and he only expect from us is determination and honesty.

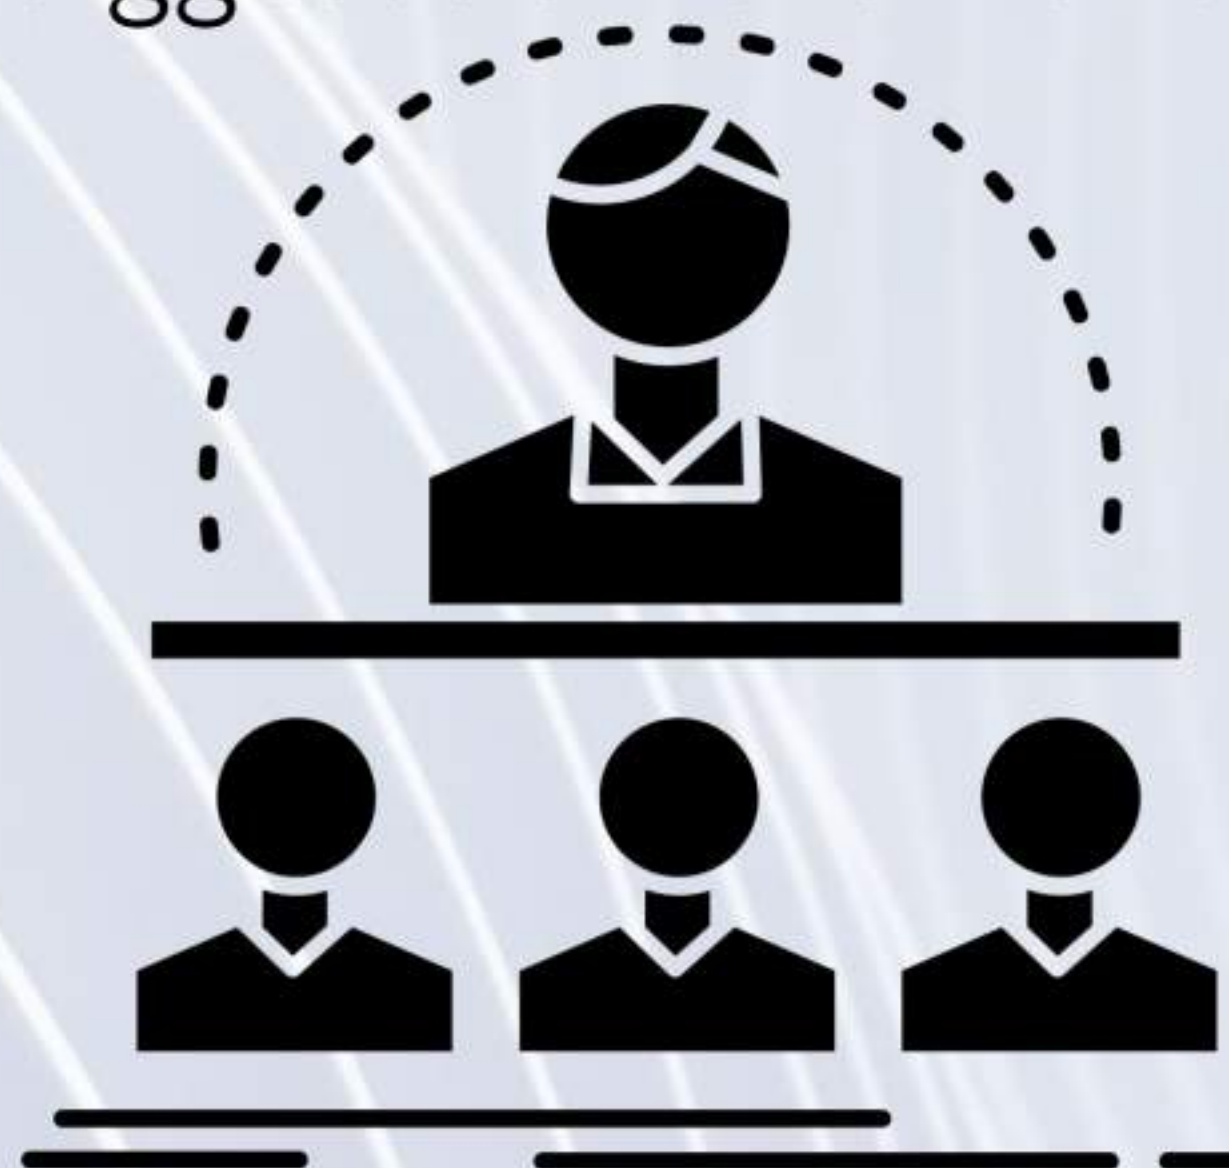

U r the best sir. We admire you and thank you for being with you. Will make you proud sir

My journey was superb we had learned so much new things which we didn't even know or heard of
Visham bapat sir has made us connected to real world which we didn't know
He always kept us updated about all the things all over world.
He took us to a temple. Its was really surprizing that a temple has a Institute name BHAKTI VEDANT INSTITUTE where we had a good knowlege of Science. Mam was so energetic and had deep knowlege of physics.

The ISKON temple was so pleasant , positive, beautifull didn't want to leave the temple .
He taught us what is RTI and where to use RTI and how to file RTI which was amazing.
He taught us how should one be professional. Which is the most important aspect for our future
Once we meet him all our problems get vanished ,he has solution on every problem .
We are blessed to have sir you are biggest achievement for us .
#THE BEST MENTOR
